

# LAW (BACHELOR OF SCIENCE, B.S.)

## Overview

The Bachelor of Law provides students with an undergraduate legal education that teaches legal reasoning, substantive law, critical analysis, and professional ethics. The Bachelor of Law provides undergraduate law students with core competencies and skills required for all law-related work. Required law courses are taught by faculty with the appropriate terminal degrees who have both formal legal training and practical experience teaching law and legal reasoning.

This program prepares students for careers in law firms, legal departments of banks, insurance companies, land title insurance companies, corporate legal departments, legal aid offices, public defender offices, the office of the prosecuting attorney, and municipal legal departments.

To graduate from the program, students must:

- Satisfactorily complete all courses required in the program;
- Perform legal research and analysis by using legal research material;
- Draft and prepare legal documents;
- Identify and explain the various functions performed by various legal professionals;
- Explain the role of the paralegal in the legal profession;
- Identify ethical issues, rules and standards that a paralegal must follow when working under an attorney's supervision (a paralegal's conduct is expected to conform to these ethical standards);
- Perform the functions of a paralegal under the supervision of a practicing attorney.

Paralegals are not permitted to practice law in the state of Missouri. Only attorneys who are licensed in the state by the state Supreme Court are permitted to practice law.

## Requirements

Students who choose this bachelor degree program will have no more than 6 years from admission or subsequent declaration to meet the requirements listed below. If certification, accreditation or statutory requirements change and additional requirements become effective during this time, the new requirements take precedence.
