Elementary Student Teaching (EDU 408 Elementary Student Teaching III) is to be taken during the student's senior year. Seminar in Elementary Education and Human Relations (EDU 403 Seminar in Elementary Education and Human Relations) is to be taken concurrently with Elementary Student Teaching. Course work during the professional education semester is usually limited to EDU 403 Seminar in Elementary Education and Human Relations and EDU 408 Elementary Student Teaching III. Petition for any additional course work must be submitted to the Education Department in the semester prior to Elementary Student Teaching.

The Area of Concentration

The elementary major must also select one area of concentration from a possible set of five areas to broaden one's expertise in at least one area. The requirements for each subject concentration are determined by the MWSU Education Department in consultation with the various academic departments.

Four of the concentration areas also yield an additional teaching certification (called an added endorsement) approved by the Missouri Department of Elementary and Secondary Education. Those four areas are:

1. Early Childhood-Special Education (birth to grade 3);
2. Early Childhood Education (birth to grade 3);
3. Special Reading (K-12); and
4. English Language Learners (ELL) (K-12).

The General Concentration will consist of 8 total credits of coursework in Education that are not already counted as elementary major coursework.
