The Department of Criminal Justice, Legal Studies and Social Work offers students the option of studying in three separate degree programs: Criminal Justice, Legal Studies and Social Work.

Students interested in the area of law enforcement, corrections, juvenile justice and criminal justice administration may pursue one of two degree options available in the criminal justice program:

1. An associate of science degree with a major in Criminal Justice or;
2. A bachelor of science degree with a major in Criminal Justice with a concentration in administration, law enforcement, juvenile justice, corrections, or legal studies.

Students interested in working in the legal profession may major in the legal assistant program. Missouri Western's Legal Assistant Program is a voting member of the American Association for Paralegal Education. In addition, the program is approved by the American Bar Association. In the program, students may pursue a course of study leading to an associate degree with a major in Legal Assistant, a certificate, or a B.S. Degree in Criminal Justice with a concentration in legal studies.

Social work is a profession for those with a strong desire to work with people. Social workers assist individuals, families, groups, organizations or communities to enhance or restore their capacity for social functioning and work to create the societal conditions necessary for people to flourish. Social workers are employed in both public and private human service agencies as well as in private corporations and often work directly with people by linking them with needed resources, providing counseling, and/or advocating for needed services. Social workers also work behind the scenes by developing needed human service programs or by shaping the social welfare policies that guide human services.

The Department offers a Graduate Certificate and a Masters of Applied Science in Forensic Investigations. The Certificate and M.A.S. are designed to provide individuals the opportunity to receive instructions from eminent forensic scientists and other distinguished professionals as well as department faculty. Several forensic investigation courses are available to undergraduates as well. These courses and degrees are of particular interest to professionals and students interested in a career in crime scene investigation. For more information contact your advisor, the department, or go to our graduate website at www.missouriwestern.edu/cj-ls-swk/forensic-investigation.

Legal Studies

The Legal Studies Program offers a course of study designed to prepare the individual to work in the evolving paralegal profession. A student in this program will be taught the skills needed to obtain an entry level position as a legal assistant. The skills the student will learn include legal research, interviewing, investigation, legal drafting, preparation of evidence and witnesses for trial, and assisting in the trial of a lawsuit.

This program prepares individuals for career opportunities in small law firms, large law firms of fifty attorneys or more, legal departments of banks, insurance companies, land title insurance companies and other corporations, legal aid offices, public defender offices, the office of the prosecuting attorney, and municipal legal departments.

Paralegals cannot practice law. Only attorneys, who are licensed in the state by the Supreme Court, can practice law.

To graduate from the program students must:

- Satisfactorily complete all courses required in the program;
- Perform legal research and analysis by using legal research material;
- Draft and prepare legal documents;
- Identify and explain the various functions performed by a legal assistant;
- Explain the role of the legal assistant working in a law office;
- Identify ethical issues, rules and standards that a legal assistant must follow when working under an attorney's supervision (a legal assistant's conduct is expected to conform to these ethical standards);
- Perform the functions of a legal assistant under the supervision of a practicing attorney.

Legal Assistant Certificate

The specialized Legal Assistant Certificate program enables students to focus on the technical, legal specialty courses that will enable them to work as legal assistants. The program is designed for the student who has already earned a substantial number of college credits, or even a college degree, and by reason of education and experience, only needs selected courses to round out her/his education.

Entrance Requirements

Students must have earned at least 30 college credits prior to enrolling in the program. Eighteen of these hours must be general education elective credits. General education is defined as post-secondary courses in the following areas:

1. language and composition,
2. mathematics,
3. social and behavioral sciences,
4. physical and biological sciences, and
5. theater and humanities.

This must include ENG 104 College Writing and Rhetoric and ENG 108 College Writing and Research (or their equivalents or otherwise demonstrate a proficiency in English).

The Gainful Employment Disclosure for this program may be found online at www.missouriwesmont.edu/finaid/gainful-employment-disclosures (http://www.missouriwesmont.edu/finaid/gainful-employment-disclosures).

Social Work
The principal educational objective of the social work major is to prepare graduates for beginning generalist social work practice with individuals, families, groups, organizations, communities, and institutions. Students will gain knowledge and skills in the areas of values and ethics, diversity, social and economic justice, populations-at-risk, human behavior and the social environment, social welfare policy and services, social work practice, and research. The program culminates in a semester-length, supervised practicum that allows students to function as student social workers in an area human service agency. The social work program is accredited by the Council on Social Work Education.

The Social Work Program's Mission Statement
The social work program's mission is to prepare undergraduate students for ethical and effective generalist social work practice with individuals, families, groups, organizations, communities, and society in Northwest Missouri, and surrounding areas. Social work graduates will value human dignity, social and economic justice, and human and cultural diversity. They will competently serve individuals from diverse backgrounds including persons who are poor, vulnerable, and oppressed and work to reduce poverty, oppression, and discrimination by making government and social services agencies more just and responsible to consumer needs. In addition to preparing competent social workers, MWSU's social work program is dedicated to offering its professional expertise and academic resources to support the community in efforts devoted to enhancing human well-being and social economic justice.

Admission
Admission Requirements
Majors in the department which have admission requirements are listed below. Majors which are not listed on this page do not have specific requirements for admission. Information about the recommended coursework a student might take prior to declaring the major can be obtained from the department.

Criminal Justice
Students wishing to file a Bachelor of Science degree in Criminal Justice may do so upon successful completion of both LAW 100 (Introduction to Criminal Justice) and LAT 101 (Introduction to Law) with a grade of C or higher in each course. For transfer coursework to qualify, the transferred course must meet current articulation requirements or be approved by the Chairperson of the Department of Criminal Justice, Legal Studies and Social Work.

If the student meets the criteria, the advisor will sign both the application and major declaration form and then forward them to the chairperson for review. The major declaration form can then be filed with the Registrar.

If admission requirements are not met for the B.S. degree in Criminal Justice, the student will be encouraged to declare a major in the A.S. degree in Criminal Justice or Legal Assistant, working towards admission requirements for the B.S. degree in Criminal Justice.

Social Work
The social work program operates under a selective admissions policy. Students are considered “pre-majors” until they meet the minimum requirements to be accepted as a social work major. Admission to the social work program involves the completion of an application packet. Minimum requirements for admission into the social work major include:

- Completion of the general studies math requirement.
- Completion of BIO 101 Principles of Biology (or equivalent).
- Completion of SWK 250 Introduction to Social Work, SOC 110 Introduction to Sociology, PSY 101 General Psychology, and ENG 108 College Writing and Research with a minimum grade of C in each course.
- Must have a minimum overall GPA of 2.5.
- Must have earned a C or higher in all completed SWK prefix classes.
- Must agree to and conduct themselves in a manner consistent with accepted professional social work practices and the current NASW Code of Ethics (see Social Work Student Handbook).
- Cannot have exhibited behavior that will infringe on their present or future ability to adequately fulfill professional social work responsibilities. The social work program’s admissions committee reserves the right to require applicants to submit additional materials if the Committee questions the student’s ability to adequately fulfill professional responsibilities (see Social Work Student Handbook).

Students must complete the social work admission process prior to enrolling in SWK 360 Social Work Practice I and must submit completed application packets no later than the first Friday in October or March. The social work program’s admissions committee will review all application packets and interview all applicants. Admission decisions are based on a student’s academic performance; professional, personal, and academic conduct; references; and responses to application and interview questions.

Social work majors must successfully complete a second formal application process before entering SWK 480 Practicum in Social Work and SWK 485 Social Work Practicum Seminar. To be eligible to enroll in SWK 480 Practicum in Social Work and SWK 485 Social Work Practicum Seminar, students must have earned a minimum grade of C in all completed SWK prefix courses and carry a minimum overall GPA of 2.5. Students applying to enter the social work practicum must submit an application and practicum essay (outline available from the Field Practicum Director), and complete interviews with the Field Coordinator and prospective field instructors (agency social workers). Practicum planning regularly begins one or two semesters prior to entering the practicum. While every effort is made to identify those students ready for field practicum, it is the student’s responsibility to notify the Field Practicum Director of his/her intent to apply to the social work practicum. In accordance with Council of Social Work Education standards, MWSU does not grant academic credit, course waivers, or field practicum credit for previous life or work experiences.

Once admitted to the social work program, social work majors are expected to maintain professional and academic standards of conduct.
The social work program at Missouri Western reserves the right to place a student on probationary status or remove a student from the major because of violations of these standards (see Social Work Student Handbook).
