Missouri Western’s Department of Health, Physical Education, and Recreation educates and prepares students to engage in careers across the health, sport, recreation, and fitness spectrum. What sets us apart is our commitment to high-impact applied learning experiences. Students will engage in a variety of hands-on learning experiences both in the classroom and professional settings.

The department offers two undergraduate degrees, Physical Education and Recreation Sport Management.

Undergraduates interested in health and fitness can complete a degree in physical education with concentrations in Health/Exercise Science, Personal and Commercial Fitness, Physical Education Teacher Education, or Physical Education General. Health/Exercise Science students are prepared to pursue careers in sports medicine (pre-physical therapy, pre-athletic training, pre-chiropractic) and a variety of clinical settings as well as personal and commercial fitness settings. Physical Education concentrations prepare students for careers as teachers and coaches.

The multi-billion dollar sport and tourism industries translate into an expanded job market for students interested in Recreation Sport Management. Students majoring in Recreation Sport Management select either a Recreation Management or Sport Management concentration.

Students may satisfy general education requirements in category five by taking PED 101 Fitness and Wellness, and one activity course. The Fitness and Wellness course acquaints students with basic knowledge, understanding, and importance of lifelong physical activity and fitness. Students with disabilities that restrict them from the regular activity program may enroll in PED 110 Adaptive Activities as often as needed. Participating in this course will satisfy the general education activity requirement.

Partnerships with Graduate Programs
Missouri Western maintains partnerships that provide students the opportunity for early review and preferred acceptance into the Masters of Athletic Training at University of Nebraska Omaha, Masters of Occupational Therapy at Rockhurst University or Doctorate in Physical Therapy at Rockhurst University. Additional details can be obtained through the MWSU Department of Health, Physical Education, and Recreation or visit https://www.missouriwestern.edu/hper.

Attention Physical Therapist Assistants
Students who have completed the PTA degree are encouraged to complete a Bachelor of Science in Physical Education, Health and Exercise Science concentration or Personal and Commercial Fitness concentration.
