

ENROLLMENT & REGISTRATION

Academic Advisement

Academic advisement of students is an integral part of academics at Missouri Western. All degree-seeking students are assigned an advisor who helps provide information regarding degree requirements, semester class selection, and career direction. Freshmen, sophomores, student athletes, international students, and students on academic probation are required to meet with their respective advisors each semester to work out their schedules for the next semester of study. However, all students are encouraged to meet with their advisor on a regular basis to develop the type of meaningful advisor-student relationship that we at Missouri Western prize as one of the hallmarks of our institution.

All degree-seeking students should declare a major prior to a student reaching 60 earned credit hours. Owing to the nature of the one-year certificate and two-year associate degrees, students in these programs are advised to consult with the chairpersons of the appropriate departments as early as possible.

Alternate PIN

Each semester, currently enrolled, degree-seeking students who are in the identified groups below must meet with their academic advisor to obtain an alternating 4-digit Personal Identification Number (Alternate PIN):

- Freshmen
- Sophomores
- Athletes
- International Students
- Students on academic probation

A new PIN is required each semester for online registration.

Declaring or Changing a Major or Minor

A student's major is declared upon admission to the University and/or by meeting with an academic advisor and submitting a Major/Minor Declaration and Change Form. Students selecting a major that contains program admission requirements must have the appropriate academic department approval. The student may be subject to pre-admittance until program admission requirements are met (pre-major). Program admission requirements may be viewed on each department's website or within this catalog.

A minor may be declared and attached to a student's major by meeting with an academic advisor and submitting a Major/Minor Declaration and Change Form.

A student's major or minor may be updated at any point during the student's academic career by meeting with an academic advisor and submitting a Major/Minor Declaration and Change Form. It is recommended that a final declaration of major is made prior to a student earning 60 credit hours.

The Missouri Western catalog is valid August through July. When a student declares a major, either by initial admission or via a major change, course requirements for the major/minor will be determined by the university catalog version that is in effect during the term the student's major is declared or changed. If, however, certification,

accreditation, or statutory requirements change and additional requirements become effective while a student is enrolled in a program, the new requirements take precedence over previously existing degree or certification standards. A bachelor degree program will remain in effect for no more than six years from the term of declaration. Pre-admission into a bachelor degree program (pre-major), a certificate, and a microcredential each have a three year time-frame to complete the requirements. Students are responsible for meeting all major, minor, degree, and state certification requirements and should work closely with their advisor to ensure those requirements are met.

Classification System

Students are classified according to the number of semester credit hours completed satisfactorily.

Semester Credit Hours	Classification
0-29 hours	Freshman
30-59 hours	Sophomore
60-89 hours	Junior
90+ hours	Senior

Credit Units

The unit of credit is the semester hour, which represents a period of weekly study for a semester.

Credit/Contact Hours

Missouri Western State University records course credits in semester hours. Credit hours are assigned as follows:

- Traditional face-to-face courses: one student credit hour for each hour a course meets per week for the 15-week semester.
- Laboratory, studio, clinicals, and practicum or internship courses: one student credit hour for each two or three hours a course meets per week for the 15-week semester, dependent on the type of course.
- Online courses: credit hours will be assigned in the same manner as face-to-face courses.
- Off schedule and short term courses: credit hours are assigned in the same manner as 15-week courses except on a pro-rated basis.
- Apprenticeship and other courses may have higher contact hours per credit hour as determined by state and/or federal guidelines.

Course Information

Numbering System

Each course bears a number that identifies its level, as follows:

000-099	Courses that do not apply toward a degree
100-199	Freshman-level courses
200-299	Sophomore-level courses
300-399	Junior-level courses
400-499	Senior-level courses

Courses numbered 100-299 are considered lower-division courses, and those numbered 300-499 are considered upper-division courses.

Departments may offer special topics courses without prior approval of the Undergraduate Curriculum Committee on a single-offering basis, in order to experiment with innovative methods, content or to take

advantage of visiting faculty. Course numbers 196-199, 296-299, 396-399, and 496-499 are reserved for assignment to special topics courses. These offerings require approval by the Provost/Vice President for Academic Affairs.

Description of Course

All courses and detailed description are listed within the offering academic department. Before the opening of each term, a class schedule is available on-line at griff.vn/schedule/ (<https://griff.vn/schedule/>) which lists the specific courses to be offered that term with the mode of delivery, time of meeting, the building, and the room number. The University reserves the right to cancel, without notice, any course listed in the catalog or in the class schedule for any term.

Credit by Examination

Credit for general studies courses and major field courses may be obtained by taking a CLEP exam (College-Level Examinations Program) or a comprehensive test designed by the academic department for which the test-out applies. Each department determines which courses are appropriate for credit by examination and the test instrument to be used. Normally students request credit by examination early in their college career to avoid ineligibility at a later date.

Students may receive credit by examination if they:

- Are eligible to enroll at Missouri Western;
- Are not currently enrolled in a course for which an examination is being requested;
- Are granted written permission by the Testing Coordinator or the chairperson of the department to which the test would be applicable.

Note: A student must be degree-seeking and have courses in progress for the current semester at Missouri Western before Credit by Examination is included on the academic transcript. Further, the student must have transcript activity at the end of said semester in order to retain the Credit by Examination information on the transcript.

Students are not eligible to receive credit by examination if they have:

- Earned prior credit in the course at Missouri Western or in transfer;
- Audited the course;
- Attempted the course and received any transcribed grade assessment, or taken a college course or courses which contain the same basic material.

A complete list of every course eligible for Credit by Examination is available in the MWSU General Testing Center, Hearn Center 306, or at missouriwestern.edu/mwsu-testing-centers (<http://www.missouriwestern.edu/mwsu-testing-centers/>). Please contact the Testing Center at 271-4410 for specific guidelines, the Petition for Test Out Form, applicable fees, and to schedule an appointment.

Non-Traditional Credit

Non-traditional credit is credit earned in a non-traditional format, including but not limited to Advanced Placement Examinations (AP), the College-Level Examinations Program (CLEP), International Baccalaureate (IB) assessments, MWSU course test-outs, departmental credit from approved MWSU agreements, DSST credit-by-examination tests (formerly DANTES Subject Standardized Tests) and military service, including coursework appearing on the Joint Services Transcript. Missouri Western State University accepts and will transcript all coursework considered as non-traditional credit; however,

a total of 30 credit hours is the maximum applicable to a degree. A student must be degree-seeking and have courses in progress for the current semester at Missouri Western before non-traditional credit is included on the academic transcript. Further, the student must have transcript activity at the end of said semester in order to retain the non-traditional credit information on the transcript.

Registration and Change of Class Schedule

Refer to the online class schedule at griff.vn/schedule/ (<https://griff.vn/schedule/>) for the class schedule.

Currently enrolled students are encouraged to register early for classes. An Alternate PIN may be required for registration (see Alternate PIN section above). Students will be sent communications about registration to their Missouri Western email account. New and returning students will be notified by The University of dates for initial registration.

Registration information and calendars can be found on the Registrar's Office website (<https://www.missouriwestern.edu/registrar/registration/>).

At any time prior to the first day of the term, students may drop any or all classes without penalty. After the first day of the term, students may add or drop classes according to the registration schedule (<https://www.missouriwestern.edu/registrar/registration/>). Refund schedules are located here (<https://intranet.missouriwestern.edu/registrar/withdrawal/>). Registered students who are on academic probation are encouraged to visit their academic advisor when considering dropping or adding a class or classes.

Auditing a Class

A class auditor is a student registered for a course only for informational instruction, not to earn credit. A student may audit a course for a number of reasons, ranging from skills improvement to a review before registering for credit. Regardless of the purpose, it is important that students get a meaningful experience from instruction and make satisfactory progress toward their purpose. It is the role of the instructor to aid students in this determination. Therefore, audit students should expect to work closely with their instructor.

Students enrolling in a class for credit may choose to change that registration to audit before the end of the tenth week of the semester (fifth week of 8-week summer session; third week of 4-week summer session.) A change from audit to credit must be completed by the end of the first week of classes. Credit by Examination is not available for any student who has audited the course.

Course Load

The maximum number of credits a student may take is 18 credits per semester or 9 credits in a summer term. Upon approval of the College/School Dean, a student who has a 3.0 overall GPA or a 3.0 GPA for the previous semester or term may take additional credit for the following semester or term.

Repeating Courses

Students are permitted to repeat any course. (The A/Cr/U grading option cannot be used to repeat a course in which a prior letter grade of D or F was earned.) When a course is repeated, the original grade remains on the transcript but is excluded (E) from the GPA calculation and the most recent grade is included (I) in the GPA. Topics and related format courses

which change in content on a semester-to-semester basis do not apply in this regard. Courses which may be repeated for credit are only excluded from the GPA calculation if previous attempt(s) are a failing grade.

Final Exam Policy

The final exam schedule will be published by the Registrar's Office prior to each semester and the designated period will be used either for administration of a final exam or for other appropriate course terminating activities. All courses, including 1 and 2 credit hour courses, will have final exams in their regular classrooms during final exam week according to the published schedule. It is the responsibility of both students and faculty to comply with the final exam policy. Final exam guidelines are listed below:

- Final exam periods are 2 hours with 60 minutes between periods.
- Final exam information will be documented in the course syllabus.
- Classes with linked lecture and laboratory sections will observe the final exam period based on the section that carries the credit hours.
- Classes which meet at 5:00 pm or after will hold final exams at their regular class time during the final exam week. Those evening classes with two meetings per week will use the first meeting for the final exam with the second meeting used at the discretion of the instructor.
- Hybrid classes which have weekly meeting times will hold final exams in their regular classrooms according to the published schedule.
- 100% online classes will hold final exams during the final exam week according to the course syllabus.
- Off-Schedule classes will hold final exams on the last scheduled class meeting.
- Classes which begin at a time not listed on the final exam schedule will observe the final exam time of the closest previous class time listed.
- Any student who has three or more final exams scheduled on the same day may make arrangements with instructors of those courses to reschedule one final exam to another day during the final exam week. The student may appeal to the appropriate dean for assistance, if needed. That appeal should be made no later than one month prior to the last day of the final exam week.
- If a final exam is canceled for inclement weather every effort will be made to make the exam up prior to the end of the published final exam week. Communication regarding any final exam schedule adjustments will be made via the Missouri Western website and through the Griffon Alert system.

of the student will be considered. Failure to submit a formal request for a withdrawal will result in the student receiving failing grades.

Under compelling circumstances beyond the student's control, including military obligations, a student may request a leave of absence. A Leave of Absence form may be completed online or in the Registrar's Office and must include supporting documentation. A leave of absence can be granted for up to 3 semesters (excluding summer term).

A documented leave is primarily a means of communication to the University and

- may include a request for a current semester late withdrawal;
- does not alter current semester course completion deadlines as indicated by the academic calendar;
- does not impact outstanding financial obligations without appeal to the University Bursar;
- does not extend the expiration date of an officially declared program/major; and
- is not a formal method to avoid admission or registration requirements upon the student's return.

The University and/or academic advisor will continue to make contact with a student on extended leave during the identified absence period. Students who are ready to return to MWSU after a leave of absence should notify the Admissions Office so assistance can be provided.

Withdrawal/Extended Leave of Absence from the University

Prior to the official end of the add/drop period, students may drop all classes on-line through Goldlink or by notifying the Registrar's Office, Eder Hall 102, in writing (include name, student I.D. number, last date of attendance, signature and contact information). The effective date of withdrawal will be the date on which the written notification is received by the Registrar's Office. Any applicable refund of tuition and fees will also be applied to the student account as of the effective date.

After the withdrawal deadline a student must petition the Admissions and Graduation Committee, through the Registrar's Office, to withdraw from all or individual classes. Only documented situations, beyond the control
