The Department of Nursing offers a baccalaureate degree in Nursing (BSN) that provides a foundation of knowledge and skills necessary to be eligible to apply to take the National Council Licensure Examination (NCLEX-RN). Upon satisfactory completion of this examination, the candidate is licensed as a registered professional nurse (RN). In addition, a fully online RN-BSN track is offered for RNs who have graduated from an approved associate or diploma nursing program and wish to obtain their BSN. Associate or diploma nursing program graduates are also eligible for the fully online RN-MSN track that allows graduates to earn both a BSN and MSN in as little as two years. RN-BSN and RN-MSN students must hold a current, unencumbered RN license.
